## Caring for Your Paines

## Prepare Your Fairy for Flight:

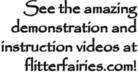

Turn the switch on the back of her leg to the "on" position. Make sure the wings are folded back slightly. If not, pinch the base of the wings.

Your fairy should now magically flap her wings when you tilt her forward into flying position.

Now set her down on a table or other flat place. Her wings will suddenly stop flapping. Turn the switch off when you are not playing with your fairy.

Hint: To keep the Pixie Silk unseen, wear a dark patterned shirt and fly your fairy away from bright lights.

Hold the magic wand underneath the Pixie Silk.

Move the wand SLOWLY toward your body and then away from you. This makes the fairy look like she is flying on her own. Keep the distance between the fairy and the wand constantly changing. Make IONG.

SLOW movements.

Try to fly the fairy in circles. Create your own routines!

Let the fairy hang straight down. Sway slowly from side to side and watch her fly back and forth. Spin around slowly and let the fairy fly around you. Create new ways to make her fly!
